(4) Reason for not counting some number of voting rights held by the shareholders at the Meeting

The requirements for passage of the resolutions have been met as a result of aggregating the number of voting rights indicating approval or rejection exercised in advance on or before the day prior to the day of the Meeting and the voting rights of shareholders who attended the Meeting and whose intention to approve or reject the proposals have been confirmed, and the resolutions were thereby enacted lawfully under the Companies Act. Therefore, the results of the exercise of voting rights by shareholders who attended the Meeting but whose intention to approve or reject the proposals or to abstain from the votes cannot be confirmed are not included in the count.

End.
