

Endorsement of Task Force on Climate-related Financial Disclosures (TCFD) Recommendations

Sodick Co., Ltd. hereby announces its declaration of endorsement of the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD*).

Sodick's basic philosophy is to provide the highest value to its customers and contribute to the sustainable development of society as a company that creates the future based on its motto of "Create," "Implement," and "Overcome Difficulties."

In regard to addressing sustainability issues, which include future climate change, Sodick has set forth addressing environmental management as one of the four material issues identified as most important management issues. We are working on themes such as carbon neutrality, global warming, and energy conservation from the standpoint of improving corporate value over the medium to long term.

On the occasion of declaring the endorsement of TCFD recommendations, we will identify and respond to events related to climate change as management risks, and at the same time, we will find new opportunities and utilize them in our corporate strategies. In addition, we will further enhance information disclosures according to TCFD recommendations.

- Details on our sustainability initiatives and information disclosures according to TCFD recommendations are available on our website.

*TCFD (Task Force on Climate-related Financial Disclosures):

A task force established by the Financial Stability Board (FSB) in December 2015 to promote disclosure of climate-related financial information.

It recommends evaluating the financial impact of risks and opportunities arising from climate change on the business and disclosing information related to governance, strategy, risk management, and metrics and targets.
