

**Sodick, Inc. opened its Canadian branch,
New offices and showrooms to be completed at the end of March
Aim to expand business in the Canadian market**

Sodick, Inc., a U.S. sales subsidiary of Sodick Corporation, opened a Canadian branch in Ontario, Canada in December 2024. A new office and showroom are scheduled for completion at the end of March 2025.

Currently, we are mainly servicing existing customers and selling consumables. In March, we plan to start sales activities for electrical discharge machining machines and other machinery.

In the future, we will promote activities to expand our business in the Canadian market. For example, we will hold an open house at a new office and showroom in May and exhibit at Canadian Manufacturing Technology Show (CMTS), a machine tool exhibition in the Toronto region, from September 29 to October 2.
